

# Who we are...

---

The Skippy Charity was formed by friends of Nanette "Skippy" Lanier after she succumbed to breast cancer in 2000. The group has honored her memory with an annual golf tournament as the centerpiece of their fundraising efforts.

From its beginning as a small golf outing among friends to a big event that has included cash prizes, a Calcutta, poker, auction & music. Skippy Golf is now one of the most anticipated, fun charity sporting events in the Montgomery area.

The Skippy Charity boasts a 10+ year fundraising total of almost \$350,000!

The Cancer Wellness Foundation of Central Alabama is proud to be the recipient of proceeds of the Skippy efforts.

With its mission of helping local cancer patients in need, the Foundation provides critical services like transportation, medication assistance and social services. Since 2007, we have provided \$22.5 million in products and services! 1,000 patients from more than 30 Alabama counties come to us each year for help...and hope.
